## SAINT SAUVEUR

 **RED WINE**

 **Old Syrah**

*Intense, complex,  
notes of ripe black  
and red fruits.*

**GOLD MEDAL WORLDWIDE  
COMPETITION SYRAH 2005 VINTAGE**

This red wine stands out for its maturity, which gives it an intense red colour with crimson, deep purple or ruby hues.

This gives a high aromatic concentration and complexity with an expressive, elegant nose and intense aromas.

The mouthfeel is mellow, full-bodied, while maintaining a freshness complemented by aromas of very ripe black and red fruits, wrapped in velvety tannins sustaining its beautiful structure.

## SAINT LAMBERT

 **RED WINE**

 **Mourvèdre**

*Rich, irresistible,  
notes of ripe black fruits,  
spices and leather.*

This is a coastal grape that needs lots of heat and sunshine, but also humidity. The range of red fruits is dazzling, complex, enhanced by a floral and spiced character. This wine is lively, rich and elegant. It is deep red in colour with violet hints. The nose offers aromas of ripe black fruits, spices and leather.

The Bettane & Desseave guide wrote: "The Mourvèdre vintage offers unique silky tannins! It is one of the best in France. You have the edgy side of the Mourvèdre with very precise satiny juicy tannins, this wine is irresistible".
